2.6 Access Reconciliation & Asset Return

2.7 Record Retention

3 Policy Compliance

3.1 Compliance Measurement

3.2 Exceptions

3.3 Non-Compliance

3.4 Continual Improvement

2. Policy Objectives and Scope

2.1 Purpose – Verify workforce integrity, grant the right access at start, and promptly revoke it at end of engagement.

2.2 Scope – All employees, contractors, interns, and temporary staff.

2.3 Pre-Employment Background Screening

- Conduct identity verification and right-to-work checks for all hires.
- Perform criminal or reference checks proportional to role sensitivity.
- Complete screening before system access is granted; document outcomes.

2.4 Onboarding Provisioning

- Manager submits access request ticket listing required systems and role.
- Create individual accounts—no shared credentials.
- Provide security training and policy acknowledgement within first week.

2.5 Off-boarding & Exit Procedures

- HR/manager notifies IT of termination date at least 24 h in advance.
- Disable accounts and collect badges by close of last working day.
- Schedule exit interview to remind departing staff of confidentiality obligations.

2.6 Access Reconciliation & Asset Return

- Recover all company-owned devices; verify data wipe before reuse.
- Compare recovered asset list against inventory; investigate discrepancies.
- Remove access from third-party tools (e.g., Slack, Git, cloud) within 24 h.

2.7 Record Retention

- Store screening results and off-boarding checklist in secure HR system for seven years or legal minimum.

3. Policy Compliance

3.1 Compliance Measurement – Monthly audit confirms 100 % terminated accounts disabled and assets returned.

3.2 Exceptions – Any skipped screening step requires executive approval and risk note in personnel file.

3.3 Non-Compliance – Missing background checks or lagging account disablement escalates to HR and Security for remediation within five business days.

3.4 Continual Improvement – Review screening vendors, checklist effectiveness, and timing metrics annually.
