2.7 Physical Security Monitoring & Review

3 Policy Compliance

3.1 Compliance Measurement

3.2 Exceptions

3.3 Non-Compliance

3.4 Continual Improvement

2. Policy Objectives and Scope

2.1 Purpose – Protect personnel, equipment, and information from unauthorised physical access or environmental damage.

2.2 Scope – Offices, co-working spaces, data-centre cages, and any site hosting company assets.

2.3 Facility Access Control

- Use electronic badge or key system; disable badges immediately upon employment termination.
- Segregate secure areas (e.g., server closets) with locked doors; limit keys to authorised staff.

2.4 Visitor Management

- Require sign-in, government-issued ID, and visible visitor badge.
- Host must escort visitor at all times; log retained 12 months.

2.5 Environmental Protections

- Ensure HVAC maintains manufacturer-recommended temperature/humidity.
- Equip server areas with smoke detection and automatic fire suppression or fire-rated cabinets.
- Elevate equipment or use leak sensors in flood-prone areas.

2.6 Equipment Protection & Disposal

- Cable-lock laptops in shared spaces; lock server racks.
- Sanitize or destroy storage media prior to disposal or reuse; record disposal event.

2.7 Physical Security Monitoring & Review

- CCTV or access-control logs reviewed monthly for anomalies.
- Conduct annual walk-through to verify controls and signage.

3. Policy Compliance

3.1 Compliance Measurement – Access logs show 100 % badge use; visitor log complete; yearly inspection report filed.

3.2 Exceptions – Temporary unsecured space usage requires compensating controls (e.g., lockable cabinet).

3.3 Non-Compliance – Tailgating or propped-open doors reported as incidents; corrective action within one week.

3.4 Continual Improvement – Enhance controls based on incident trends and facility changes.
